Other Notes: This studio is for those who have had some previous experience with watercolor and would like time to paint their own pictures. If you have not painted very much in watercolor, you might find my **Beginning Watercolor Workshop** more enjoyable. The workshop is for those who would like to learn basic watercolor painting skills or refresh their skills. Above is a suggested list of materials. Bring whatever paints and supplies you already use. Bring whatever photo references you want to work from or simply paint whatever suits you. I will be available to offer you help if you want to know how to get started with your painting or if you would like or see a technique demonstrated or if want some suggestions with what to do with your painting. This time is for you!
